Report dated 11-10-1945 from the Health Officer, City Municipality, Bangalore

Ref:- Memo No A1-935/45 dated 15-8-1945, in the matter of submitting a detailed Note for ~~the~~ entertaining Mobile Police for attending to the prevention of indiscriminate commission of nuisance etc.

Submitted to the Municipal Commissioner

The Sanitary Police, used to book on an average 50 cases a month, which even though was not very satisfactory yet had some effect on the public , After the staff was disbanded it is noticed that nuisance is be committed even off public thorough fares and debris deposited in almost all lanes causing obstruction to traffic It seems therefore desirable to reappoint the Mobile Staff from the Police Department, to minimise such offences There are some technical difficulties to entertain Municipal Staff for this purpose as explained by the Commissioner

Previously, there was only one Daffedar and two constables This staff, was too meagre to make an impression in the whole city It is therefore suggested that three daffedars and six constables may be entertained and they may be divided into three batches, each batch consisting of a Daffedar and Two constables and each batch be entrusted with a few divisions It would be easy for them to visit their area more frequently and to effectively prevent promiscuous defaecation and obstruction to traffic

The Inspector-General of Police may be addressed to post qualified young, honest and energetic Daffedars, supported by a good set of constables, to attend to this important function of the Municipal work

An amount of Rs 2,000/- may be provided, in the current year's budget, towards the establishment charges of the above staff and Rs.2.700/- may be provided for the next year
